Canals in Bruges, Belgium

We invite pianists, violinists, cellists, and young vocalists to join us for a summer of music in beautiful France and Belgium...

This year, the 1st segment of the program will be held at the Conservatoire de St. Maur, just a 20-minute train ride away from the center of Paris, France, and the 2nd segment in the beautiful city of Bruges, Belgium.

We strive to provide an immersive musical and cultural atmosphere for young music students from all over the world.

Participants in the programs will be offered applied private lessons with world-renowned artists each day, as well as classes in music theory, solfege, sight-reading, chamber music, yoga for musicians, and Chinese. Chinese students will take English classes too! **NEW THIS YEAR! Children's Opera!**

Students will also have opportunities to sightsee. They will attend the famous Bastille Day fireworks at the Eiffel Tower, as well as the other sights of Paris, and in Bruges, visit the famous canals & Chocolate Museum (just to name a few).

Participation in our program will benefit your young musicians by opening their eyes to the world, by setting them apart on college and/or job applications, and by helping them in their consideration for awards and scholarships. In our 2 years of running study abroad programs, music students have returned home more confident and eager to continue learning music as well as more successful to obtain scholarships in major universities in the US.

“What you leave behind is not what is engraved in stone monuments, but what is woven into the lives of others.”

-Pericles

This summer camp will help students develop new skills through activities designed to stretch their comfort zones in safe and rewarding ways. Give a chance to your child to learn about the world through hands on interaction with students & teachers from different cultures.
