Canals in Bruges, Belgium

**We invite pianists, violinists, and cellists to join us for a summer of music in beautiful France and Belgium.**

The 1<sup>st</sup> segment of the program will be held at the “Ecole de Musique” in Joinville-le-Pont, just a 15-minute train ride away from the center of Paris, France. The 2<sup>nd</sup> segment will leave students free to sightsee & discover Paris at their own rhythm. The 3<sup>rd</sup> segment will be in the beautiful city of Bruges, Belgium.

We strive to provide an immersive musical and cultural atmosphere for young music students from all over the world.

Participants in the programs will be offered daily applied private and chamber music lessons with world-renowned artists. We put a strong emphasis on musicians’ health, including specially adapted daily yoga classes for all and a physical therapy option.

Students may attend the famous Bastille Day fireworks at the Eiffel Tower, as well as the other sights of Paris, and in Bruges, visit the famous canals & Chocolate Museum (just to name a few).

**Participation in our program** will benefit young musicians by opening their eyes to the world, by setting them apart on college and/or job applications, and by helping them in their consideration for awards and scholarships. In our 8 years of running study abroad programs, music students have returned home more confident and eager to continue learning music as well as more successful to obtain scholarships in major universities in the US.
